PREAMBLE

Recognizing the mutual benefits to be gained through a collaborative program promoting scholarly, research activities and international understanding, Eudoxia Education Private Limited, through the Eudoxia Research Centre, and The University of [Partner University] will enter into this academic cooperation agreement. In recognition of the benefits, to be gained through a cooperative program that promotes sustainable scholarly research and contributes to international education, the Eudoxia Research Centre and The University of [Partner University]. The agreement is intended to stimulate and facilitate the scope of the activities of both institutions. The purpose of this Memorandum of Understanding is to record formally this mutual interest of Eudoxia Research Centre and The University of [Partner University] in exploring, for a period of five [5] years following signature of this MoU, joint research, training and capacity building to address research opportunities in the India and [partner university's country], for the mutual benefits of both parties and in investigating funding sources to realize these opportunities.

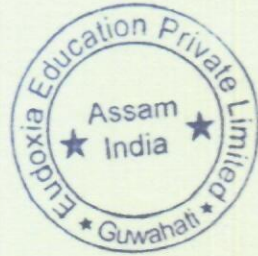

ARTICLE 1: SCOPE OF THE COLLABORATION

- 1.1 The areas of collaboration include activities or programs offered at either institution that will contribute to the fostering and development of the cooperative relationships between both of the Organizations.
- 1.2 Each institution may offer to the other institution opportunities for activities and programs, such as teaching, research, exchange of faculty and students, and staff development that will cultivate and develop the collaborative relationship.
- 1.3 Organizing, promoting, staffing and coordinating long and short-term staff and student exchanges work-shops, seminars, conferences, leadership programs and other academic activities, provided that all participants are appropriately qualified and there are adequate financial resources.
- 1.4 To receive undergraduate, graduate, post-graduate students and Research Scholars of the partner institution for periods of study and/or research under internship research program. Also carry out joint research and continuing education programs; and exchange information pertaining to developments in teaching, student development and research at each institution leading to publication of research papers, patents and other intellectual properties.
- 1.5 To distribute information and guidance for each of the institution regarding the new facilities, research, publications, journals, books, library materials and educational resources of the other institution; and to meet yearly for review purpose and evaluate the past activities and to work out new ideas for future development.
- 1.6 Enhancing the capacity of the two institutions to carry out relevant research and to secure the required external funding for same.

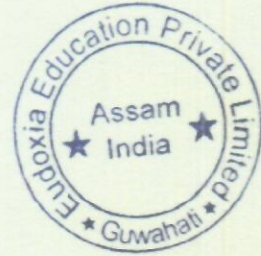

ARTICLE 2: GENERAL AREAS OF COOPERATION

- 2.1 This general Memorandum of Understanding shall be identified as the parent document of any program agreement executed between the parties. Further agreements concerning any program shall provide details concerning the specific commitments made by each party and shall not become effective until they have been reduced to writing and executed by the duly authorized representatives of the parties. The scope of the activities under this agreement shall be determined by the both parties for the types of collaboration undertaken and by financial assistance as may be obtained by either party from external sources with mutual consent only.
- 2.2 This MOU is not binding on either institution but is intended to facilitate discussions relative, but not limited, to the following general areas of cooperation. Specific activities and programs implemented under authority of this MOU shall be subject to availability of resources and the approval of each institution's authorized representatives, and may include; joint educational, cultural, and research activities; exchange of faculty members for research, lectures, and discussions; exchange of advanced professional students for collaborative or independent research.
- 2.3 Specific funding allocations for the exchange of faculty, staff, and graduate student researchers ("Participating Researchers"), shall be subject to the approval of the individual Participant and are not binding as a result of this MOU. Except as may be stipulated in any specific subsequent agreement, each Participant shall be responsible for expenses incurred by its employees under this MOU.
- 2.4 Each Participant will provide assistances and/or the necessary letters of invitation or affiliation to facilitate the visa applications of Participating Researchers. Participants shall be responsible for ensuring Participating Researchers have adequate medical insurance coverage, applicable in the country of the host Participant, for the duration of their visits.

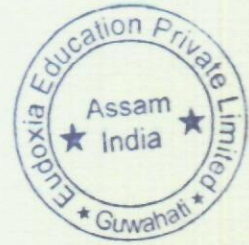

ARTICLE 3: DURATION, IPR, TERMINATION AND AMENDMENT

- 3.1 Duration: This MOU shall remain in force for five (5) years from the date of the last signature. Either Participant may terminate this MOU by providing 90 days' advance written notice to the other Participant.
- 3.2 Extension and Renewal. The Participants may extend or renew this MOU by agreement, confirmed in a written amendment signed by each Participant's authorized signatory.
- 3.3 Amendment. No amendment of the terms of this MOU will be effective unless made in writing and signed by each Participant's authorized signatory.
- 3.4 It is understood that activities contemplated under this MOU are expected to be cooperative in nature and that Participating Researchers (including students, faculty, and staff researchers) may collaborate in such research activities for intellectual property development. The "Intellectual Property" or "IP" means all patentable discoveries, innovations, inventions, improvements, devices, equipment, and designs, conceived and reduced to practice under the term of and in performance of this agreement.
- 3.5 Participants hereby agree that ownership of intellectual property rights generated as a result of the activities under this agreement will follow inventor-ship rules in accordance with applicable patent laws. Each Participant to this MOU shall own the intellectual property (IP) conceived and first reduced to practice solely by its employees or agents in furtherance of projects or activities contemplated by this agreement. IP conceived or first reduced to practice jointly by employees or agents of both parties shall be Jointly Owned in accordance with applicable patent laws. "Jointly Owned" means either Participant may exploit jointly developed IP.

- 3.6 It is recognized and understood that this MOU is subject to all applicable export control laws and regulations controlling the transfer of technical information or items out of the respective countries of the Participants. The transfer of certain technical information or items may require a license from the respective governments of the Participants. Participants to this MOU must comply with all applicable export control laws and regulations and no Participant may export or allow the export or re-export of any information or item when to do so would constitute a violation of those laws or regulations.
- 3.7 Participants agree that adequate safeguards shall be taken whenever using human or animal subjects in research, consistent with applicable laws and policies regarding the use of human and animal subjects, including training of such trainees, faculty, or staff, an institutional review committee, research ethics board, or animal care and use committee composed of members with varying backgrounds who will perform complete and adequate review of projects involving the use of such subjects. Informed consent shall be obtained in accordance with national laws and regulations, international research standards, and accepted guidelines on good research practices and ethics. Each Participant shall, to the extent necessary for the legal conduct of activities under this MOU, comply with the laws and regulations of the other Participant's country.
- 3.8 All the Participants must give all information/notices under this MOU in writing only. All communications must be sent to the official e-mail addresses set for this purpose or to such other address designated by the both of the institutions.
- 3.9 Each Institution represents that the individuals signing this MOU have the authority to sign on its behalf in the capacity indicated.
