Notice

The policies of GVM's Dr. Dada Vaidya College of Education, Science Lab

1. Safety Measures:

- Students must follow all safety protocols and guidelines while working in the science lab.
- Appropriate lab attire, including lab coats should be worn at all times.
- Students should know the location and proper usage of safety equipment, such as fire extinguishers and wash basins
- Handling of chemicals and equipment should be done carefully, following proper procedures to prevent accidents or injuries.

2. Lab Access and Equipment:

- Lab access may be restricted to authorized personnel only.
- Prior permission or booking may be required to use specific lab equipment or resources.
- Students should use lab equipment and materials responsibly, avoiding any misuse or unauthorized experiments.

3. Cleanliness and Maintenance:

- Students are responsible for maintaining cleanliness in the lab, including cleaning up after experiments and disposing of waste properly.
- Any spills or accidents should be reported immediately for prompt cleanup and resolution.
- Equipment and materials should be handled with care and returned to their designated places after use.

4. Collaboration and Conduct:

- Students should work collaboratively and respectfully with their peers.
- Disruptive behavior or actions that compromise safety will not be tolerated.
- Students should follow instructions

5. Experimentation and Documentation:

- Students should conduct experiments following the prescribed procedures and guidelines. Accurate records and documentation, including observations, measurements, and results, should be maintained.

Dr. Jiten Mathew
Offg. Principal
